Dreadful Fire At Canada Junior College

The citizens of Lacombe were awakened early Wednesday morning by the fire siren, blowing loud and long. Upon looking Northward it was noticed that the central building of the Canada Junior college was one mass of flames, which lit up the hills and valleys of the surrounding countryside like a mid-night sun.

The Lacombe fire department responded to the call and arrived at the scene of the conflagration in short order. It was apparent upon their arrival, however, that nothing could be done to save the building, and their endeavors were directed to saving the West Hall, the boys' dormitory, but this too, proved unavailing. The best thing that could be done under the circumstances was to check the flames somewhat, thus enabling the furniture and other effects to be removed from this building.

The fire started in the hallway staircase which runs up the front of the central building, and so sudden was its headway that those on the fifth floor, given over to living rooms for boys students, were trapped; one or two of them, however made their way through the flaming staircase safely, but suffered severe burns in doing so.

Wm. Macchi, the nightwatchman, who had just come up the stairway, on his way to his room, after completing his rounds, but five minutes previous to the alarm, was just getting ready for bed, when he thought he smelled a faint odor of smoke. Going into the hallway and down the stairs he was met by a wall of acrid smoke and flames. Fighting his way upward again, he found that the stairs above him were a mass of flames. He beat his way through this death trap and gave the alarm to those sleeping on the fifth floor. But it was almost too late at this time for any of the boys to make use of the stairway on their way to safety, and the fire escapes, situated at both the front and rear of the building were resorted to. Many of the boys made their escape by this route, but soon the flames that were gutting the entire structure broke through the walls alongside the fire escapes, causing the trapped men to make their way through a seething sea of flames, down the side of the building. Many were severely burned as a result of a mode of exit.

The fire escapes soon proved themselves useless, and boys trapped in other parts of the building were forced to the expedient of using a rope flung from the window if they were to attain safety. Emil Kaiser, a young man from Calgary, proved himself a hero at this juncture. He directed the boys to safety down the rope, explained how to descend with the least danger of mishap. He remained at the post while the door filled with smoke, and the flames were coming nearer and nearer. And Emil yelled down to those on the ground to know if anyone was overlooked, prepared to take the case, to go through the rooms and rescue anyone remaining. He stuck to his post, while the roof gave every indication of caving in on top of him, and did not seek safety himself until all were rescued. He was severely burned about the face and hands, but doubtless saved the lives of many of the boys.

That the fire was of incendiary origin is not doubted by those in authority at the college, as the boys on the fifth floor reported having heard a terrific explosion, just before or just after the smoke was smelled. The fire bell rope, on the building is also believed to have been cut, which delayed the alarm from being broadcast sooner. A suspected lunatic was noticed around the campus during the last few days, and it is reported that he and some of the students were in some kind of a fight, following the fire, when he endeavored to make off with some clothing belonging to the students.

The fire started a minute or two after two o'clock, and so rapid did it spread that in five minutes the upper story was uninhabitable. "I can not understand it," we were told by the nightwatchman. "I just got into my room and was getting my boots off when I smelled the smoke; it couldn't have been more than four minutes after I came up the stairs."

Five boys are in the hospital today, suffering from severe burns inflicted in their mad rush to escape the flames. These boys, two of whom are in a serious condition, are: E. Steinko, and Walter Strifling, of Leduc; Halgar Hagquist and his brother Folke of Buck Lake, and R. Beckhold, are the most seriously injured. One of them it is thought was so severely burned that it is doubtful if he will ever be able to walk again. His legs and hips were burned to the bone.

The boys on the fifth floor managed to make their escape with but their night attire they were wearing, everything else went up in flames. Not a bit of clothing, money, books or personal effects were saved by any of them. One young man lost all his clothing and other personal property, among which was a violin value at three hundred dollars, and a steel guitar. He told our reporter, "I didn't mind that, as I was lucky to save my life."

A Bernhard, Manager of the institution told the press, "I am at a loss to know how the fire started, but I suspect foul play, as it is the only explanation I can offer for the fire's quick start and rapid spread."

"Yes," he said, "We have regular fire drill. If we had not made

this a rule, I would be fearful to contemplate what might have happened."

"We will re-build at once," said the acting president C. W. Shankel. "We saved just enough records to enable us to conduct business to a limited extent."

"The buildings were insured for about \$80,000.00, which will just enable us to build again," we were told. "I am sorry to lose the wood-working shop, as it was the finest equipped in western Canada, with machinery valued at \$4,000."

The people of Lacombe, extend their deepest sympathy to all those suffering painful injuries and losing all they possess in the fire. Offers are still pouring in from the people of the district, offering to take the boys into their homes, until suitable quarters were found for them in Rosedale.

"Bought and Paid For"

The play "Bought and Paid For" which the Bentley Dramatic Club put on in the Comet Theatre on Monday night was a great success in every sense of the word. The Bentley players have always been highly esteemed in Lacombe and their performance on this occasion not only served to enhance their reputation, but created a desire to have the pleasure of hearing them again. The members of the "Lest We Forget" Club wish to thank the Bentley Dramatic Club for their kindness in coming in to assist the Club, as they have done in the past, and the Benevolent Fund of the Club has benefited very considerably by the proceeds of the play. Thanks are also due to the Lacombe public for turning out so well, and showing an appreciative interest that was remarked by the performers, as being most helpful to their efforts.

The Star Orchestra gave delightful interludes and are warmly thanked by the Club for their free assistance. Also the A.Y.P.A. for the beautiful apple blossom decorations, the Lacombe Dramatic Society for the scenery and the Lacombe Furniture Store for their help in fitting up the stage.

A pleasant evening was afterwards spent at the home of Mrs. Lothian, one of the oldest and most enthusiastic members of the Club, who entertained the Bentley performers, all out-of-town guests and the Lest We Forget Club. Her kindness and hospitality was very much appreciated.

Mr. and Mrs. O. Burrows and party were among the guests honored at the Dramatic Entertainment, and the reception held at the home of Mrs. D. A. Lothian by the Lest We Forget Club on Monday, May 26th.

Mr. and Mrs. O. Burrows who recently observed their Golden Wedding anniversary are old timers of

the Lacombe district coming here in 1884. They lost a son in the Great War, and Mrs. Burrows has been a faithful member of the Club since its inception.

Mrs. Alfred Landis, Hon. President also was a welcome guest.

The Premier Here

The Comet Theatre was packed to overflowing on Tuesday evening, on the occasion of a meeting in the interests of the Provincial Government, at which Premier Brownlee was the speaker. Hon. Irene Parby was also on the platform.

The Premier spoke for nearly two hours, not so much in defence of the government he leads in this province, but in setting forth its record of achievements in the past nine years and in casting a horoscope of the future, leaving it to the people themselves to decide the issue.

He would not criticize previous administrations. They had made mistakes, but mistakes due more to the optimism of youth rather than to ill-considered policies.

He dealt fully with the telephone department, which he said was now on a paying basis, and explained the financial condition of the province.

When they took office in 1921, the government was faced with grave problems that were demanding solution. It was to this task that they set themselves and he felt they had succeeded to such an extent that not one word of criticism was heard today of the manner in which these problems had been met. There was first the problem of our railways. The people had been demanding those railways and the government of the day had responded by building lines into the north country that, while justified, were not paying anything near the running expenses. These railways had been satisfactorily disposed of.

In conclusion, he challenged anyone to show where the government has created any class legislation. There has been no discrimination, we have legislated for the good of the people as a whole and it was for furtherance of this policy that the government was now appealing to the people of the province.

THIS FREE BOOK is now being distributed to thousands of Farmers

SINCE announcing publication of its free book "Weed Control", Imperial Oil Limited has received many thousands of requests for it from farmers of every province.

This book is now being distributed. If you desire a copy write for it immediately.

"Weed Control" was prepared with the idea of meeting two urgent national needs. First—to impress on Canadians the extreme gravity of the weed situation. Second—to assist farmers in their fight against weeds by supplying them with the best and latest information relating to weed extermination.

Every phase of this acute problem is dealt with in "Weed Control". The Honorable Duncan Marshall, former Minister of Agriculture for Alberta, is its editor, and practical farmers, experimental farms, agricultural colleges, and weed authorities from all parts of Canada contribute to its pages.

By adopting the suggestions contained in this free volume thousands of farmers will be better

equipped to fight weeds and eventually eradicate them. Every chapter is full of interesting facts, written in plain, simple English.

"Weed Control" is a companion volume to "Field and Farm Yard" which was distributed last year by Imperial Oil to more than 65,000 farmers.

Klan Should be Stamped Out

At a late hour last Wednesday night the Ku Klux Klan started its nefarious operations, when a citizen of our town was decoyed down to his business by a "fake" phone call. The victim was then taken to a point south of here and given a coat of tar and feathers.

That such happenings can take place in the midst of civilization is to be deplored. Such an organization as the K. K. K. should be stamped out of existence in this country.

The citizen in question was informed by one of the bunch that the he was in the hands of the Ku Klux Klan, and he was forthwith tied up and taken to the place of punishment. This organization can be likened unto a Texas "side-winder" rattlesnake in some respects. These rattlesnakes work only through cowardice, hiding along the by-ways, ready to strike from ambush at whatever comes its way, with deadly aim, giving the victim no chance. In fact, the Klan is worse, as the most degraded rattler would at least wait its victim before striking, by rattling. And like the rattlers of the plains, they should be exterminated without the slightest compunction.

These "hooded" hoodlums hide their faces at night so that the world may not know them (as they must consider their work disgraceful) and during the day they mingle with respectable citizens, masquerading as men, which they most surely are not. Mob justice seems to be the watchword of this organization—and mob justice is not justice.

Can anyone with one ounce of British blood in his veins justify himself for taking the law into his own hands as was done last Wednesday night? Canada has laws to cover all crimes, and the proper ones to administer justice are the police courts of our country. Canada is noted the world over for the fairness of her courts and her strict law enforcement. Can this kind of rowdyism be permitted to exist in our country? Can this band of unlawful hoodlums be permitted to make a joke of our law enforcement? Should our country, which is now held up as an example of fairness and justice to the entire world be dragged down to everlasting disgrace with the stigma of "mob" violence? Should our citizens be subjected to abuse from a band of marauders who have no respect whatsoever for our laws?

The law of this land says that every man, no matter what his rank or his crime, shall be allowed a fair trial. The Klan, which has no authority whatsoever, seems to have a law unto itself—anyone who is considered an offender of "their" law is punished in the most brutal way. They seem to have a very primitive sense of justice, i.e., "A bunch of full grown, able-bodied men attack and overpower one unprotected man, apply a coat of tar and feathers—and call it justice. It is a disgrace on the face of it to call these people British. In fact it would be a disgrace to any country to have these men claim that country's nationality. This lawless element in our community have shown just what sort of men they are, and not a stone should be left unturned to bring the offenders to justice. It was a most cowardly deed, and the actions of this mob last week stamp them as dangerous to the peace and welfare of our community. They should be punished when brought to trial most severely, as outbreaks such as occurred last Wednesday night, create a disrespect for law and order.

It was proved by the Klan itself last Wednesday night that they had

in their make-up not one iota of fair-play. Their very actions showed up their true character—and that is the very reason why they should be wiped out of existence here. Petty spite against anyone would call down this band of ruffians upon him, and "mob justice" would be administered by the hands of persons wholly unqualified to mete out justice to anyone or anything.

Besides being subjected to the humiliation of being tarred and feathered, the victim of this assault was warned "to take the first train south, and that if he showed up in Lacombe again he would be killed." This threat in itself would have possibly been sufficient to cause a more timid person to leave for parts unknown, but not so the citizen in question—possibly the parties committing the offence, expected him to beat it, and nothing more would be said about it—but evidently things did not turn out exactly as was anticipated.

Cowardly Attack by Klansmen

Arrest of Ralph Mowbray, of Lacombe, claimed by Fred Doberstein as one of the gang which attacked him Wednesday, and later this arrest of Walter Butlin is the latest development in the tar and feather incident which has just stirred Alberta. Evidence has been obtained against several other "men," it is understood.

Doberstein, a Lacombe blacksmith, was the victim of an attack alleged to be the work of the Ku Klux Klan in which he was kidnapped, driven 12 miles into the country and there tarred and feathered.

The victim received a call at about midnight to go to the shop to do some emergency welding. While unlocking the shop he saw a man just behind him who motioned him to an auto standing in the road. Going to the car, presumably for the piece which was to be welded, he was dragged into the car, stripped, beaten and his arms bound behind him. While this was being done the car, followed by a second car, was driven away, south and west to a point in the brush west of Blackfalds, where Doberstein's muffled aggressors, five in number, had a vessel of tar waiting.

They poured this over him. They were members of the Klan and accused him of being intimate with women at Lacombe and Innisfail. After extracting from him a promise that he would take the first train south and never come back, they released him. The victim walked a mile and a half staggering into Blackfalds at about 2:30. From there he phoned into Lacombe for a car and reported the matter to the police.

Serret, Holmes, in charge of the B. division A. P. P. at Red Deer, and Chief Cameron of the Red Deer police have been investigating the matter.

STEEL TARIFFS APPROVED, BUT PROTEST ALIVE

Ottawa, May 26—The methods suggested by the Government whereby a shorter working day and higher wages might be established for men in the iron and steel industry are scheduled for discussion when the House of Commons meets again today. During the review of the changes in the tariff schedule considerable debate has already been precipitated on the iron and steel revision since J. S. Woodworth (Labor, Winnipeg North Centre) urged that, as the Government was granting certain advantages to the steel-makers, those concessions might be made contingent upon the employers lessening the hours and increasing the pay of their workmen.

The Winnipeg member was supported in his plea by Hon. R. B. Bennett, leader of the opposition, and in the course of the discussion last week, Mr. Bennett was asked by the Prime Minister if he would be agreeable to having such a condition attached to all the items of the customs tariff. Touching on this matter briefly on Friday night, Hon. C. A. Dunning, minister of finance, declared that such a thing would produce a chaotic condition throughout the country.

It would not be practicable, said Mr. Dunning, to make certain increases in protection steel products contingent on the steel companies satisfying the Government that they were complying with the provisions of the Treaty of Versailles by giving its employees eight hour days and fair wages.

Mr. Bennett agreed there was doubt of the validity of such an amendment. However, Progressives took a different view and may move such an amendment.

Four items in the steel schedule had been held up for two days as a result of an attack on working conditions and hours of labor in the British Empire Steel Corporation plant in Cape Breton. The item had been left over while the Government and members of the House had time to consider the claim that steel companies should not receive these tariff concessions while men worked in their plants 84 hours a week.

Col. Thomas Cantley (Conservative Pictou) made a statement denying that the conditions described on Wednesday night last prevailed in the mills of the Nova Scotia Steel Company. So far as he knew, the men in those mills worked nine hours a day.

A. A. Heaps and J. S. Woodworth (Labor) from Winnipeg, both objected to the items passing until there was assurance the employment would get better conditions.

E. J. Garland (U.F.A., Bow River) joined with an intimation that an amendment would be moved when the items were before the House in the form of bills.

The sudden hold-up in the proceedings of the House in committee of ways and means brought to an end an otherwise quiet day. With little or no difficulty, Mr. Dunning had got nearly all the tariff items in the entire schedule passed.

The question was again before the House Saturday.

Finlay McDonald (Cons., Cape Breton South) moved an amendment to the resolution which grants a subvention of 40-1-2 cents a ton on bituminous coal, mined in Canada and converted into coke in Canada for use in the smelting of iron ore or in the production of steel, that a portion of this 40-1-2 cents a ton be devoted to improving conditions among the workers either by increasing wages or shortening hours, or both.

Allocation of supplies of clothing for hospital needs were accepted by the members of the Women's Missionary Society of United Church at their regular meeting on Tuesday, May 21. An invitation to meet with the Spring Valley Auxiliary was accepted for June 18th. A resolution was passed to give a Life Membership to the Mission Band for the purpose of encouraging its members to memorize portions of the Scriptures.

Mrs. J. Finlayson led the devotional period and Mrs. J. Macintosh read a temperance paper, after which Mrs. P. MacDonald gave some interesting Biographies of 13th century and Persian missionaries. Reports of the Branch conference were given by Mrs. W. C. Sweet and Mrs. R. B. Layton.

THE PUREBRED CLYDESDALE STALLION

"King of Beresba" No. 25241, will stand for service at "Spring Valley Farm," S.E. 7, 40-25-14, 6 miles East and 3 miles South of Lacombe. For rates and particulars phone W. H. Wilkins, B1204, Lacombe.

Australian Lecturer Coming at Chautauqua

CONFESSE REVELLE JOHN, WHO WILL TELL OF THE WONDERS AND ADVENTURES OF THE AUSTRALIAN CHAUTAUQUA. HE WILL TALK OF THE "LIFE OF THE KANGAROO" AND OTHER INTERESTING FACTS.

Noted Speaker Coming Here at the Chautauqua

Henry Black Burns to Give His Timely Lecture "Where Criminals Come From"

Dr. Henry Black Burns, noted specialist on criminology who has been secured to speak here at the coming Canadian Chautauqua, discusses one of the most interesting subjects before the public today—the problem of the criminal-minded and the researches that are being made toward discovering a cure for criminal tendencies.

DR. HENRY BLACK BURNS

What is the psychology of a criminal? What makes a man turn a, perhaps, brilliant mentality to the pursuit of activities beyond the law? Is the criminal a man in the clutches of some mental or physical disease—and can he be healed? Is divorce a symptom of some subtle malady in the present-day social system? These are some of the salient points of Doctor Burns' vital lecture "Where Criminals Come From."

Noted judges and lawyers throughout the continent have enthusiastically endorsed the work Doctor Burns is doing in criminal investigation. Civic clubs and educational institutions have called him to their communities time and time again.

Although Doctor Burns deals with facts—with symptoms and causes—he is himself so genial and witty that his lecture is intensely entertaining as well as mentally stimulating. Not only is he recognized authority on criminology, but he is a magazine writer and poet as well and brings a ripe scholarship, a sparkling humor and a warm heart to his lecture work.

Popular Play "Pollyanna" Coming to Canadian Chautauqua

SCENE FROM "POLLYANNA"

One of the most inspiring plays ever written is "Pollyanna," which comes to the Canadian Chautauqua here this season. Based on Eleanor Porter's famous novel by the same name, this captivating comedy-drama possesses a certain whimsical charm that reminds one of Barrie's beautiful plays. A well-known critic says: "Pollyanna" is one of those rare plays which are likely to become institutions of the stage like "Peter Pan."

"Pollyanna" abounds in fun and humor. There is not a dull moment in the four acts through which the lovable little heroine pursues her way, spreading her philosophy of gladness and winning the hearts of all whom she meets. It will be presented here by the Martin Erwin Players of Canada.

"Broken Dishes," Great Comedy, at Canadian Chautauqua

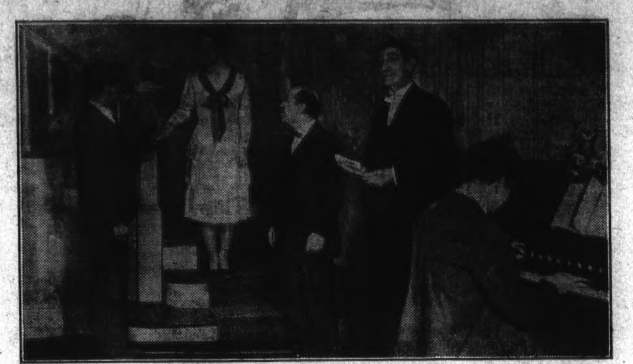

SCENE FROM "BROKEN DISHES"

"He who cannot laugh at the play had better see his physician," says the New York Sun of "Broken Dishes," the popular comedy which will be presented at the coming Canadian Chautauqua here by the Martin Erwin Players of Canada. "Broken Dishes" is replete with hilarious laughter, tense drama and vivid depiction of the very real sort of people we meet in our daily life. The play unfolds an appealing love story between Elaine, the baby of the family, and the village grocer boy, whom Ma treats with icy scorn. But Pa and Elaine conspire together with surprising and dramatic results.

"Broken Dishes" is a gem of a play, genuinely moving and uproariously funny.

Get a Season Ticket From any Member of the Committee

Noted Comedy-Success to Open Canadian Chautauqua

SCENE FROM "BROKEN DISHES"

"Broken Dishes," the popular Broadway comedy by Martin Flavin, which will be presented at the coming Canadian Chautauqua here, seems to strike a responsive chord in the heart of everyone. Pa Bumstead, the central figure in the play, is one of the most lovable characters to reach the stage in a decade. For twenty years Pa has been as much of a lamb in his own home, but reveals transpire which cause him to pick up his courage and roar like a lion, to the intense surprise of the Bumstead family.

"Broken Dishes" is a very human comedy, filled with laughter, romance and pathos. It will be presented here by the well-known Martin Erwin Players of Canada.

"Pollyanna" to Be Presented at Canadian Chautauqua

SCENE FROM "POLLYANNA"

"Pollyanna," the outstanding comedy-drama to be presented at the coming Canadian Chautauqua here by the Martin Erwin Players of Canada, is based on Eleanor Porter's famous novel of the same name. Pollyanna, with her sunny optimism and her philosophy of gladness, has been transferred to the stage by Catherine Chisholm Cushing in the play which will be seen here with extraordinary fidelity to the character in Miss Porter's novel.

Here is a great play, filled with laughter, pathos, gripping drama and romance, and leaving its audience in a glow of good humor.

Unique Musical Company--Canadian Chautauqua Feature

PETRIE QUINTETTE AND CONSTANCE NEVILLE-JOHN

A sparkle of gold instruments and a flood of beautiful melody greet the audience as the curtain rises on the big musical entertainment to be presented at the Canadian Chautauqua here by the Petrie Quintette and Constance Neville-Johns. Brilliant symphonic arrangements of the music you love, interspersed with novel and amazing instrumental stunts and popular vocal numbers, are presented by the five versatile members of the Quintette.

Miss Constance Neville-Johns, who appears as soloist with the Quintette, is a charming coloratura soprano who comes from far-away Australia. She is a graduate of the Melbourne University and has appeared in concert, opera and as soloist with symphony orchestras throughout Australia, New Zealand, Italy and the United States.

Sec. 30-40-36-w4, bounded on the east by Colline Street, on the west by Park Street, on the north by alley south of Bailey Avenue; on the south by alley north of Hamilton Avenue.

Each of the above parcels will be offered for sale subject to a reserved bid, and subject to the reservations contained in the existing certificates of title.

Redemption may be effected prior to sale by payment of the full amount of taxes and costs.

Dated at Lacombe, Alberta, this 21st day of April, 1930.

Dated May 12th, 1930.

Wm. G. Sage,
Bailiff

J. D. Skinner Will Contest Yukon

Newspapermen are greatly in evidence in the public life of Canada, many of our greatest statesmen having served their apprenticeship in the Fourth Estate, so it does not surprise us to learn that our old townsman, James D. Skinner, has been asked by the people of the Yukon to accept nomination as Liberal candidate in the forthcoming Dominion election.

"Jim," as he is familiarly called by his friends here, came to Lacombe many years ago, and in 1904 started publishing the Western Globe. He took an Active Part in Dominion and Provincial politics for years, and while solicited to allow his name to go before several conventions, decided that he could do more through his paper to advance the interests of the Dominion and Province, and that at some future time he might decide to enter public life.

Going to the Yukon several years ago, "Jim" has done much to bring that country before the world, and his paper The Whitehorse Star, has been a great influence in righting many wrongs of that territory. He has kept his district before the outside public in a manner that reflects great credit on his ability, and we think the people of the Yukon will do well to return him as their representative. He is a fighter from the "tape" and will put his best into anything he undertakes.

"Jim's" many friends in Lacombe and Central Alberta will be pleased to hear of his entry into active politics, and wish him every success, strong in the belief that he will be a fitting representative.

LINCOLN U.F.A.

There will be a meeting of the Lincoln local of the U.F.A. on Wednesday, June 11th, in Lincoln Hall at 8.30. Mr. Thom Wilkes will be present to give a lecture on "Alfalfa". Be present. M29-3c

Apple Blossom Dance

The Apple Blossom Dance held in the Comet Theatre on May 23rd under the auspices of the Lacombe A.Y.P.A. was a decided success. This dance was undoubtedly the most beautiful affair of the season. The large crowd present were loud in their praise of the work of the young people in making the hall so beautiful. The making of the Apple Blossoms entailed a tremendous amount of hard work and many hours of pleasure were sacrificed by the girls of the club in this work. Too much can not be said in appreciation of their efforts, when it is considered that it took a month, working after-noon and evening to make sufficient blossoms. The boys of the association also did their share in preparing for this dance. Truck loads of trees were brought in and the task of arranging these trees required many hours. A lot of praise is due to the W.A. for their able assistance in putting cakes, sandwiches, etc., for the supper; also for their help in making the blossoms. Rev. T. H. Chapman, deserves the utmost appreciation for his help in the preparation for the dance. Mr. Allan of the Bank & White, who is superintending the decorating of the hall, certainly proved himself an artist, and the Association assures Mr. Allan that his assistance was greatly appreciated and they thank him for the time he spent, and his most valuable experience and help to them. In fact every member of the club worked like a Trojan to make this dance the success that it was. Mr. Hearsey of the Electric Supply House, aided the Association greatly by loaning them flood lights and arranging other lighting effects. The members of the association extend to Mr. Hearsey their heartiest thanks. The Star orchestra, who supplied the music, did so most satisfactorily and their numbers were enjoyed to the limit.

All in all the dance proved a most enjoyable one, and the support of the public was greatly appreciated. It is the intention of the Club to make this an annual event, and they were assured that they would be given the assistance of everyone in attendance at their next dance.

Spruceville News
Mrs. O. H. Walker left on Wednesday for a short visit, to her old home in Cedar Rapids, Iowa.
A number of the Spruceville young people accompanied the Lincoln Dramatic Club to Gilby on Friday last, where the play "That's one on Bill," was presented.
Mr. Rice received word last week of the death of his father. The sympathy of the community is extended to the bereaved family.
Mr. and Mrs. L. Seyers and son, of Ponoka were week end visitors at the home of Mr. and Mrs. W. W. Burton.
The afternoon meeting of the U.F.W.A. was held at the home of Mrs. W. W. Burton. Seventeen ladies were present. The roll call was answered with the name of a famous musician. A splendid paper was given by Mr. Gottschlich, entitled "A Women's Place on the Farm."
Mr. Chester Kasha arrived home last week from the spring work in the South of the Province.
Mr. and Mrs. W. P. Young and family Mr. Kasha and Miss Vena were Sunday visitors at the home of Mr. and Mrs. E. Boulter.
In the first game of the season, the Spruceville Junior Football team won a closely contested match from the Lacombe IX and X team, 2 to 0, on the Lacombe grounds last Friday evening.
The Spruceville Hall Board are putting on a dance in the Hall Friday, June 6. Particulars next week.
We hear that Mr. Gordon Plack has purchased a new car, and has been testing it on the roads in the northern part of the District.

Housekeeper Wants Work
Competent housekeeper wants work on farm, where there are no children. Apply Miss McLellan, Empress Hotel.

Little Locals

Now is the time to buy. You can save money on the sale price, which is still on at D. Cameron's, next Post Office.

The Guild of the United Church, extends to everyone a cordial invitation to attend a tea, sale of baking and sewing, in the Church Hall, on Saturday afternoon, May 31st.

It is announced that the Ku Klux Klan had nothing to do with the Dobereinston outrage last week. Well, if the Klan is not composed of its members we will believe this to be the case.

Mrs. F. H. Reed is this week attending the Provincial Musical Festival in Calgary. Over 1500 contestants are this year taking part and the criticisms of the three judges from England and Scotland will be a source of information and inspiration to many pupils and teachers.

The next meeting of the Lakeland W.I. will be held at the home of Mrs. C. Bauer on Thursday, June 5. The roll call is to be answered by "Suggestions for Picnic Entertainment." Refreshment committee: Mrs. Boys, Miss Wright, Mrs. Fraser and Miss Dorothy Switzer.

It is denied that there is an organized Ku Klux Klan branch in Lacombe. There is an organized branch in Lacombe, and regular meetings are held in the Orange Hall. It cannot be such a secret organization, however, as we know almost every member of the organization in the district. And we also know that a great many Orangemen in the district do not endorse the Ku Klux Klan.

A meeting of the Chautauque Committee will be held on Thursday evening, May 29, at the Adelphi Hotel. Will all members of the committee please make a special effort to attend this meeting.

The regular meeting of the Loyal Temperance Legion Band will be held in the school room of St. Andrew's Church on Sunday, June 1st, at 2:00 p.m. As this is the last meeting of the term, will the Traveller's Aid Committee please bring in their contributions. Dr. M. Shierke has kindly consented to give a short talk, and as he is sure to have something interesting it is hoped all of the members try to be present and bring your friends with you.

Mrs. Blanche Lake, Warden of the Rebekah Assembly of Alberta was an official visitor at Lacombe Rebekah Lodge 101, on Thursday evening, May 29th. Mrs. Lake presented some helpful suggestions. Visitors were present from Red Deer, Ponoka and Edson Rebekah Lodges. Lunch was served after adjournment and a pleasant social hour spent.

Miss Margaret Watt, Miss Kathleen Walters, Miss Florence Hall, and Mr. Walter Taylor were candidates at the Calgary Musical Festival. All of them received much praise from the adjudicators and reflected the utmost credit upon their teachers.

THE DOBERSTEIN CASE
There have been further developments in the above case since the first arrests were made, but as it appears to us that co-incidence plays a strong part in them, and as the case is now before the courts, The Western Globe will make no further report until after the preliminary trials.

Research in connection with tar sands has been conducted for several years under grants by the National Research Council and an extensive study has produced striking results, it was revealed.

By the application of hydrogen obtained from the enormous quantities of natural gas available for commercial consumption in transportable form. The first step in the process was to extract the tar from the tar sands, then by the introduction of natural gas into the combination, a method has been found to produce a light oil from which gasoline can readily be manufactured.

Tar sands in Northern Alberta were stated to be almost inexhaustible, while natural gas, with its important content of hydrogen, is also present in enormous quantities in the province.

The fact that a plant for the production of gasoline has already been set up and has established definite commercial possibilities is regarded here as a favorable indication that gasoline from products that formerly went to waste is now beyond mere possibility and promises the founding of an important industry.

Officials of the National Research Council are enthusiastic as to the possibilities of the new method as far as Western Canada is concerned and are agreed that with large plants and large production, gasoline from this source would eventually become a competitive factor on the markets of Eastern Canada.

Dr. H. M. Tory, president of the National Research Council expressed his approval of the discovery made by Dr. Boomer and Dr. Clark. Dr. Tory said that the new method of producing gasoline from tar sands, held great promise and pronounced it "the most significant development in this direction in several years."

Considering the fact that semi-commercial production was already a fact, Dr. Tory said it might be expected that pronounced development would occur in a short time. Dr. Tory was not prepared to say to what extent gasoline produced by this means would invade Eastern Canada, but stated that such was not beyond the bounds of possibility.

Experiments in an endeavor to utilize valuable materials in the tar sands and natural gas of the prairie provinces had been under way for some time, he said, but this was the most significant advance. The discovery had the value of rendering useful two of the most easily obtained products in that province through their combination.

Commercial Process Is Claimed by Alberta Chemists

Ottawa, May 2.—By the utilization of natural gas gasoline in almost unlimited quantities can be commercially produced from the tar sands in Northern Alberta. Announcement of this discovery was made Friday by Dr. E. H. Boomer, of the University of Alberta, addressing the National Research Council.

The credit for a new method, which yields light oils suitable for the production of gasoline, goes to Dr. Boomer and Dr. A. K. Clark, also of the university. A semi-commercial plant is now in operation in the fields and results show that Western Canada, at least, shortly will be independent in the production of motor

fuel.

Research in connection with tar sands has been conducted for several years under grants by the National Research Council and an extensive study has produced striking results, it was revealed.

By the application of hydrogen obtained from the enormous quantities of natural gas available for commercial consumption in transportable form. The first step in the process was to extract the tar from the tar sands, then by the introduction of natural gas into the combination, a method has been found to produce a light oil from which gasoline can readily be manufactured.

Tar sands in Northern Alberta were stated to be almost inexhaustible, while natural gas, with its important content of hydrogen, is also present in enormous quantities in the province.

The fact that a plant for the production of gasoline has already been set up and has established definite commercial possibilities is regarded here as a favorable indication that gasoline from products that formerly went to waste is now beyond mere possibility and promises the founding of an important industry.

Officials of the National Research Council are enthusiastic as to the possibilities of the new method as far as Western Canada is concerned and are agreed that with large plants and large production, gasoline from this source would eventually become a competitive factor on the markets of Eastern Canada.

Dr. H. M. Tory, president of the National Research Council expressed his approval of the discovery made by Dr. Boomer and Dr. Clark. Dr. Tory said that the new method of producing gasoline from tar sands, held great promise and pronounced it "the most significant development in this direction in several years."

Considering the fact that semi-commercial production was already a fact, Dr. Tory said it might be expected that pronounced development would occur in a short time. Dr. Tory was not prepared to say to what extent gasoline produced by this means would invade Eastern Canada, but stated that such was not beyond the bounds of possibility.

WOODS Brevity

"Tulip Time"

Was any Woods Brevity more aptly named than this? The gay little Dutch tip-toeing through tulips spells Spring and youth and laughter. And, apart from the jolly applique, the flat waist-band and close-fitting seat produce not a wrinkle underneath the tight fitting princess frocks. Sun Tan with French Beige trim, also Champagne with Cameo Trim.

\$2.00 per pair

Fast Color Prints 25c. Yard

Chic, serviceable fabrics for making inexpensive summer frocks, and especially good for children's tub dresses. A cotton that will wear and wash splendidly. Patterns are floral and conventional. Value extraordinary at 25c. 27 in and 36 in. wide.

Japanese Printed Cloths 75c. yard

Quaint oriental designs in blue-on-white pattern, these luncheon cloths, summer after summer finds them in popular use in the lake cottages and in many a breakfast nook they have year round popularity. 54 x 54 in.

Bleached Sheet, per yard 65c.

Trip after trip to the laundry will send these sheets back to your linen chest smooth and even in texture—snowy in bleach. The cottons are strong and firmly woven. Measure off your needs for double bed sheets from this durable quality and shade, in this economical pricing. 81 inches wide.

Silk and Wool Cardigan Sweaters \$3.95

In four-button style, with patch pockets. Colors: Powder, birch, surf green, maize, black and white.

Sale of Women's and Girls' Fine Quality Stylish Footwear
The majority of them were special purchase lines on which we haven't the privilege of sorting up sizes. So therein lies the reason for our reducing the price of these shoes from \$3.95 and \$4.95 to \$2.95 a pair. The styles are new, smart and comfortable, offering a choice of many different strap models, several neat-fastening ties, gracefully designed pumps and equally as good a selection of Oxfords.

On Sale Saturday \$2.95

Children's Cool Wash Frocks at \$1.75 to \$2.95

Splendidly well made little frocks in smart new styles of broadcloths, tobralo, novelty prints and floral bordered voiles, trimmed with touches of embroidery work on collars and pockets. Have bloomers or French panties to match.

Rayon Striped Bloomers of Softly Knit Cotton

Comfortably cool for everyday or sports wear, these bloomers, so well made and neat fitting. Roomily fashioned and threaded with stretchy live elastic at the waist and knee. Small, medium and large sizes. Pretty pastel shades: Peach, pink, orchid as well as white. **50c. pair**

Women's Printed Cotton Frocks \$3.95

There are very few women with so many frocks of this description but what will appreciate an opportunity to buy a couple or more of these at this temptingly low price. They are in smart practical styles, of good quality sturdy printed cotton fabrics in floral, novelty figures and spot designs in fast color. They are trimmed with solid color pipings and bandings, organdie collars, contrasting materials, and other effective touches. Some with panties to match. Sleeveless or short sleeves, flare or pleated skirts. Sizes 16 yrs. to 44.

A. M. CAMPBELL'S

Hon. Irene Parlyby Has Little Opposition in Convention

Eighty-two delegates as well as a large number of U.F.A. and U.F.W.A. members attended the Farmer's Convention held in Lacombe, Tuesday afternoon, at which the Hon. Irene Parlyby was the main speaker. Charles Abbott was elected Chairman and E. W. Cormack, Secretary. Credentials, E. Heath and F. A. Billingshurst; Resolution, Rob. Hains and J. B. Crocker; Order of Business, Tom Roberts, Fred McDonald, S. Sande.

Financial statement showed a balance on hand of approximately \$132.00. Premier Brownlee, in a few brief remarks to the convention expressed his appreciation of his cabinet and legislature. During the afternoon Premier Brownlee with the Ministers of Public Works, Mr. McPherson, and accompanied by representatives from the Lacombe Board of Trade, and Municipality of Crown, made a tour of inspection of the Lacombe to Bentley road, which passed by Gull Lake. They were met at Bentley by a similar delegation from Bentley who placed before the Premier their desires to have this road taken over and maintained by the Government as a gravelled highway.

Mrs. Parlyby went into many matters in connection with the administration affairs by the present Government: the financial situation, she felt was much improved, because although the cost of administration had been cut down One Million Dollars, the general service to the public had increased. Speaking of the highways, she did not see the use of car-marking gasoline taxes and motor license, because more than this amount is already being spent on the roads. The tremendous value of the work accomplished by the Department of Public Health could scarcely be estimated. The Government had tried to be fair to every class or group of people, and Mrs. Parlyby, heartily refuted the charge that the Ministers are but "rubber stamp" imitations of the Premier.

Two candidates were placed in nomination—the Hon. Irene Parlyby, and Albert Haastad, of Bentley. Of eighty ballots cast, Mrs. Parlyby received 63 and Mr. Haastad 17, and the winning candidate received a definite ovation when she rose to thank her supporters.

The following resolutions were carried:—
Resolution from Lakeside local:—Resolved that this convention ask the Provincial Government to investigate the feasibility of adopting, compul-

ory collision and liability insurance on automobiles.

Resolved that the Provincial Government be asked to reduce all passenger automobiles to a \$10.00 flat rate; and that loss of revenue be made up by an increase of tax on gasoline, such increase not to exceed one cent per gallon.

Resolution from Gadsby Lake local: Whereas the present system of nominating a candidate for the Provincial election is unsatisfactory in so far as Looms cannot instruct their delegates which candidate to support, not knowing who may be nominated from the floor of the Convention: Therefore be it resolved that all nominations be sponsored by the Local to which the Nominee belongs, and that Local shall forward to the Secretary the name of the candidate, such names to be in the hands of the Secretary at least two weeks before convention date; and that Secretary shall notify all locals of those nominated, thereby enabling every local to gain information of all candidates, have a final meeting and decide, if they wish to do so, to support any certain candidate.

Resolution from the Bingley Local: That the Minister of Public Works be approached for a guarantee that the burden and upkeep of the road from Sylvan Lake to Mountain House be never again placed upon the shoulders of the Municipality.

Resolution Recommended by the Board of Directors:—Resolved that in future on account of the injustice caused to the locals paid up to date on election year, that any local, other than a bona fide newly formed one, pay up their back dues prior to the Convention held for Nomination of the U.F.A. Candidate.

From the Resolution Committee: That this convention heartily endorse the candidate elected and pledge their loyal support during the forthcoming election.

Election of officers resulted as follows: President, Charles Abbott; Vice-President, Mrs. Ray Miles, Bentley; Directors, Alfred Haastad, S. Sande, H. E. Heath, T. F. Roberts, F. A. Billingshurst, E. W. Cormack.

PIANO AND VOICE RECITAL JUNE 26th by BRENNA REED

On Tuesday evening, June 26th, a piano and voice recital will be given in the United Church, Lacombe, by Miss Brenna B. Reed. For the last two years Brenna has been studying in Toronto. In June 1929, she took

her A.T.C.M. degree in piano with first class honors, and the highest marks of any pupil in Canada. She has now had two years of voice training and will take her A.T.C.M. in voice in June 1931. On several occasions, Brenna has played and sung before Lacombe audiences, and it will be interesting to again hear her after two years study in Toronto.

RED DEER'S AERO INITIATION INCLUDES THRILLING STUNTS

Red Deer, May 26—Although unfavorable weather conditions prevented the coming of five of the eleven planes scheduled to be at Red Deer on May 24 for the air circus, sponsored by the local aero club to commemorate the official opening of the Red Deer airport, the huge crowd of nearly 7,000 spectators was entertained by the pilots of the six ships in attendance.

The work of Dr. P. L. Backus, president of the club, and Col. R. C. Lister, made the event possible. Captain Fred McCall and Earl Stinson of the Great Western Airways flew a moth from Calgary. Joe Patten and T. L. Combs, of the Calgary Aero Club, brought in another. The Rutledge Air Service had an American Eagle on the field flown by George Clark. Bob Nivens and H. Bridgeport were with this ship. The speed Pitcairn mail wing from High River drome was brought by Capt. E. L. Rose and Flying Officer Capt. H. S. Ivey, and the "Edmonton Aero Club had two moths on hand, Lieut. Alfred Koak, Capt. Vic Horner, Art Rankin and Jimmy Muir being with these planes. Mayor H. J. Snell officially opened the field.

Outstanding on the bill was a "dog fight" between F. McCall and Capt. Rose, the latter finally diving the other ship and then soaring skywards to give the watchers a chance to win a prize by guessing his altitude at a certain time. The winner is not yet announced. Capt. Rose gave a very spectacular display of stunts, flying low above the crowds. A fast relay race was next, all the planes taking part. The total distance of each lap was close to eight miles. The Calgary Aero Club won this contest in the first time of 15 minutes and 52 seconds, the Rutledge and Great Western ships coming second with 16 minutes and 38 seconds. The Edmonton ship, piloted by Art Rankin, suffered a broken propeller at the finish of this, turning on its nose after a good landing when the wheels hit a little rough spot.

Balloon straffing also brought out some excellent flying, the wind making the balloons active targets to

speed after. A dance in the evening finished off the day's celebration. The airport committee, whose efforts made the display possible consisted of Dr. P. L. Backus, Col. R. C. Lister, Reg. M. Whyte, W. C. Brobber, C. D. Markie, R. A. Vanslyke, Gordon Bask, W. C. Prentice and Fred Turnbull, with other members of the aero club all putting in their share of work.

We'll put them back on the road

DON'T let a cut or bruise rob your tires of the long life that was built into them at the factory. We're here to help you get what you pay for. At small cost our Goodyear Factory Methods and genuine Goodyear Repair Materials will put an otherwise good tire back into service.

Goodyear Tube Repair Kits take care of emergency repairs on the road. They save you the price of a new tube or tire and a lot of time and trouble. They come in three sizes—at low prices.
